

CLASSIC DISC ASSESSMENT

WHAT'S CLASSIC DISC?

Research shows that the most effective people are those who know themselves, know the demands of the situation, and adopt strategies to meet those needs.

The Classic DISC is based on DISC, the leading personal assessment tool used by over 1 million people every year. DISC improves individual productivity, teamwork and communication.

The Classic DISC model of human behavior provides a common language to help people understand themselves and others. Research has shown that human behavior can be categorized into four basic categories that create multiple patterns- Dominance, Influencing, Steadiness, Conscientiousness. The Classic DISC Assessment focuses on patterns of external, observable behavior that each style exhibits. The model is simple, practical, and easy to remember and use.

WHAT DOES DISC STAND FOR?

DOMINANCE
Person places emphasis on accomplishing results, the bottom line, confidence

INFLUENCING

- Learning about the DISC styles of other people you work or live with can help you understand their priorities and how they differ from your own.
- Understanding your DISC behavioral style creates self-awareness and develops “people smarts.” Learning the language of DISC will help you leverage your strengths, build positive relationships and foster organizational success.
